Special events is going to pause planning until COVID declines again and places open again. We will continue to meet and compile ideas for the future. Still planning paintball because it is an outside activity, which might not be affected by COVID restrictions.

Due to COVID uptick, no events currently being planned. There may possibly be outdoor events planned, these are TBD.

Sam shared that events are not being attended and special events are not being announced at meetings. The point of the events is to fellowship, but this is not happening.

Derek D contacted Sam after last months area meeting to discuss his presentation. He said they would be throwing 2 or 3 events in the Susquehanna Area per year, and these have already been planned for this year. Since there is no policy, they will continue to operate as they are. He has offered to collaborate.

Joe advised that we do not have control over unity is a must. They are going to do what they're going to do. We can participate if we want. Has H&I received the literature that they offered?

H&I responded they have not.

Mindy advised that no information was received as Derek had stated at last month's meeting.

They are planning a speaker Jam the 25 and 26th of February in Cecil County.

Joe asked if Unity is a Must's events should be posted to the Susquehanna Website or Facebook page. It was asked if there was a policy about other areas

They are not functioning as a home group, area, or region.

Why would we treat them differently than any other area events or conventions?

Mike suggested that once the area has a Facebook, the GSR's should vote about if they want to promote events held by other areas/groups.

ASC Minutes January 13, 2022

Dylan indicated that we are having too much discussion about outside issues. Dylan raised the issue that SE is not being supported, but people will complain about no events, but will not support events that are held

Someone else shared that she feels it is okay that Unity is a Must are doing what they are doing, and she has never seen special events supported. She expressed that Cecil County does not get events.

Sam and Lisa advised that they were trying to arrange events in Cecil, but could not get assistance in finding locations. Lisa advised that nobody is showing up, and that it is frustrating to spend energy, time, and money to hold these events, and no one shows. We have been trying.

Sam said, some things, it takes more people than we have. Events like the Christmas marathon would not have happened.

Amanda advised that she is also in special events and is in Cecil County. Most venues in Cecil County charge, where several churches in Harford county do not. If anyone from Elkton or other areas in Cecil can help find places.

Someone asked what capacity requirements they are looking forward to; which Sam indicated that it varies. A discussion was held regarding a few locations.

Mike reported that the events that he has attended, it is significantly those from Harford and Baltimore County. The Christmas marathon only had 4 homegroups participating despite the announcements being made and homegroups being reached out to. Area picnic – largest event of the year, about an eighth of the people in attendance were from Cecil.

H & I: Amy absent; subcommittee members reporting.

Ashley – all meetings meet. Back to online and combined the adult and emerging adult to one meeting; no openings at this time.

Harbor of Grace – back to online meetings.

Project Chesapeake – back to online meetings; all meetings met

Spent \$38.25 on literature month.

Pyramid Walden – meetings are on hold

Mike advised that subcommittee chair has been absent for the past 3 months, and policy indicates that if chair misses more than 3 meetings, they will be asked to resign. Mike requested that a subcommittee member remind chair of this policy and ask her to attend next month's area meeting.

WSC is having discussion on extending the cycle to every 3yrs vs current 2yrs. They are also discussing if going virtual vs. in-person would be better financially and overall.

FSR Service Center Board: October was the highest sale made by the service center since covid. Hard back basic texts are back in stock.

Convention: The convention was very successful, banking 20k. They will be donating 10k to the service center and 10k to world service. They are discussing having the convention every year vs. every 2 years. They will be meeting in February to make a decision on when Freestate 28 will be held.

Insurance Ad hoc: They haven't received any additional info on getting a blanket insurance policy for the region. I am going to put a motion in to end the ad hoc committee. They have not made any progress on this going on a year now. I believe a blanket insurance policy isn't feasible due to our large region with areas of different sizes.

PR: The billboard project has been continued Northwest Area will be next to receive a billboard.

Treasurer's Report: I would like to put a policy motion forward to have our books looked at by a professional at the end of every year. The intent would be to remain in

Ending insurance ad hoc committee: unanimous for

Making motion to have treasurer's records reviewed once a year: unanimous for

Regional Delegate Report:

CAR & CAT reports are out. You can access all current info at this link from world. For current conference cycle, please see <https://www.na.org/?ID=conference-index>

Autonomy Zonal Forum & CAR workshop- Saturday 29-30 2022 Linthicum Heights United Methodist Church. 200 School Lane Linthicum, MD, 21920

WSC is having discussion on extending the cycle to every 3yrs vs current 2yrs. They are also discussing if going virtual vs. in-person would be better financially and overall.

FSR Service Center Board:

October was the highest sale made by the service center since covid. Hard back basic texts are back in stock.

Convention:

The convention was very successful, banking 20k. They will be donating 10k to the service center and 10k to world service.

They are discussing having the convention every year vs. every 2 years. They will be meeting in February to make a decision on when freestate 28 will be held.

Insurance Adhock:

They haven't received any additional info on getting a blanket insurance policy for the region. I am going to put a motion in to end the adhock committee. They have not made any progress on this going on a year now. I believe a blanket insurance policy isn't feasible due to our large region with areas of different sizes.

PR:

The billboard project has been continued Northwest Area will be next to receive a billboard.

Treasurer's Report:

I would like to put a policy motion forward to have our books looked at by a professional at the end of every year. The intent would be to remain in compliance with all tax obligations and have accountability for the treasurer. Please let me know if our area would like to do this. Currently we do see the report every month.

Good afternoon Mindy,

Policy does not have much to report other than we continue to work on merging all policies into a single doc and we continue to work with Website subcommittee.

Unfortunately I received a Covid exposure notice and will not be at area this month.

In loving service,

Rob N
